

Photos will be used for check-in and are REQUIRED FOR ALL MEMBERS in 2023

To Load Member Photos:

Upload profile images of each individual included in your membership.

To do so, go to the Members card on your account homepage and click on the stack of three blue dots to the right of each name. Select 'Add Photo' and click on the upload button in the box that pops up.

There will be editing buttons to zoom in, zoom out, and rotate the image. When you are satisfied, click 'Submit.' Repeat these steps for each member on your account.

Please use a photo cropped closely to each person's face for good visibility. This photo is how your membership will be confirmed during check-in.

If you don't have a suitable photo uploaded, our front desk team will help you add one at your first visit. Speed up your visit by preloading the pictures now!
